

## Hyde Amendment Rights!

**You can get an abortion from Indian Health Service and Tribal 638 Clinics** when the pregnancy is the result of **rape, incest**, or where there is a **danger of death if the abortion is not performed**.  
(P.L. 117-103. Div. H, §§ 506–507).

**Rape** means a sex act committed by **force**; or **against a person's will**; or where there is **no consent** due to age or temporary or permanent mental or physical incapacity; or where there was **fear or threat of physical violence or bodily injury**.

**Incest** means engaging in sexual relations with **anyone you know you are related to**.

The information provided here does not and is not intended to constitute medical or legal advice; instead, all information, content, and materials are for general informational purposes only.

## Get The Care You Need!

IHS and Tribal 638 Clinics should provide you **Emergency Contraceptives** easily. This is not abortion care. These are contraceptives. (Indian Health Manual, Part 1, Chapter 15).

If you need to go to NM for an abortion, **visit the site below** to find a legitimate provider and **avoid fake clinics aka Crisis Pregnancy Centers**.
